DEDICATION

*IN MEMORIAM — MR. DONALD M. KEAGLE
Superintendent of Olean Public Schools 1940-1951*

Shortly before his death this year, Mr. Keagle had prepared this message to the Class of 1951:

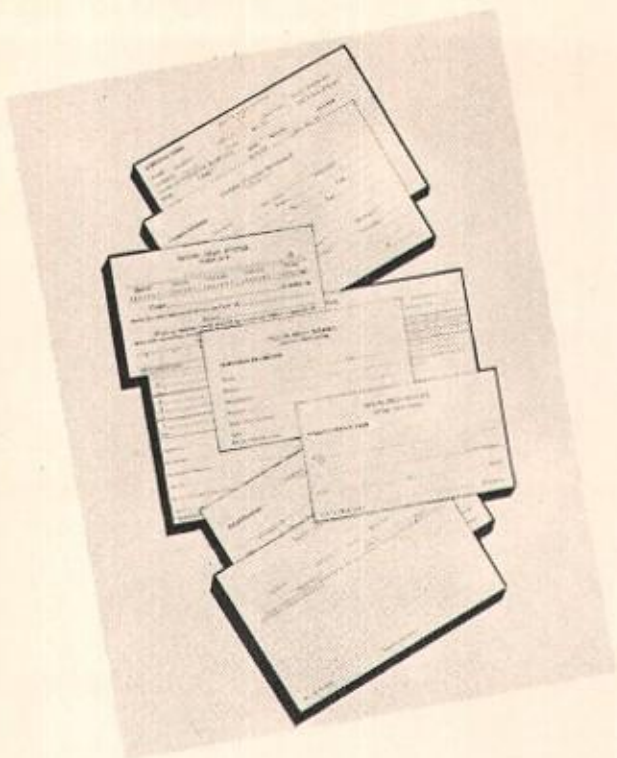

"Into these halls you came as eager youth seeking knowledge. Here, also, have come mature men and women seeking the fulfillment of a dream. Within these classrooms has taken place contact of mind which sharpens understanding, likewise, meditation which leads to wisdom.

From these halls you will go forth as young men and women joyous in the thought of accomplishment and filled with a desire for service. Let your actions be so governed that they will tell the world and the community of the ideals which you symbolize as a memorial of appreciation to your parents, your school and your teachers."

FOREWORD

The Congress Staff of 1951 presents as their theme, the Olean "Huskies." Certainly, no group in high school is more deserving of this show of our appreciation than the "Huskies." This name represents the athletic teams of Olean High School throughout the past ten years—a group of athletes who have added greatly to the honor and esteem of the school. Our earnest endeavor has been to present a book that will remind everyone of the importance of the "Huskies" in our school life. No other organization in high school boasts as many members. No other group has as many supporters or produces as much spirit. Without the "Huskies," a vital part of our school spirit would be gone. The *Huskies* have turned out many fine athletes, and what is more important, men who have profited much from the teamwork and responsibility involved in athletics. It is our sense of the spirit and pleasure that has been given to our hope that the following pages will reveal to the reader a school by the "Huskies."

A Message To Seniors

You know, as we do, that you are graduating into a troubled world. We hope that your years in the Olean schools and particularly your last four years in high school, have equipped you in some measure to cope with the problems you will face.

We will watch your progress with interest and confidence. We feel that you have developed attitudes, habits, standards of conduct, and a feeling of tolerance toward your fellow man that will insure your future happiness.

Our pride in your accomplishments is a reflection of the pride of your parents, your teachers, and your community.

If a desire for further education and for accepting the responsibilities which you will face in our democratic system has been instilled in you here, we will be happy. We graduate you with our very best wishes.

To Seniors . . .

"The opportunity to attend high school is a privilege which has been extended to the youth of our great nation. Students profit in proportion to their application in various assignments, in participation in extra-curricular programs, in leadership among their fellow workers, and in their desire for excellence. Olean offers this opportunity as a better preparation for a more useful life."

M. W. SMITH
Vice Principal

"It is with hope and confidence and yet some fearfulness that we send the class of 1951 on its way—companions to so many former classes of O.H.S. We are fearful of the world we send you out to. Have we prepared you for it? Or, can we prepare you for it? We hope so. And, as always, we will have the greatest confidence in you, our youthful companions of the past four years."

The school year of 1950-1951 held three pleasant changes in store for O.H.S. weekly publication, the Tell-O-Scope, and each one was mildly revolutionary.

Firstly, after several years of working "temporarily" in the outer office, the Tell-O-Scope staff received unlimited use of a permanent third floor headquarters which came to be known as room 320. Here, the entire newspaper paraphernalia is located and weekly assignment meetings are held.

Also, the largest staff of reporters in recent years guaranteed the success of the paper by enthusiastically covering assignments and writing them up in an interesting accurate manner.

Finally, and most important, an entirely new, four page issue was put on sale every week for the customary price of five cents.

LIBRARY CLUB

The Library Club, this year, was not officially organized; but, special credit and recognition is given to the "Library Aids" who have assisted Miss Gould in the library.

The duties of the aids consist of assisting with the regular desk routine, working on the inventory, assisting students in reference work and in the using of the card catalog.

Anyone, whose schedule allows, may join this club by applying to Miss Gould at the beginning of the term. This year, the club was open to upper classmen; but, next year, Freshman A's will be allowed to join.

This year has been a memorable one in the Dramatic Club history. We were responsible for the pantomime in the Christmas Pageant, presented jointly by the Music department and the Dramatic Club, as well as for plays presented in the assembly where we used not only our knowledge of acting but also of direction, production, and make-up. The regular meeting featured plays presented, studied, and read; news of the theater and its people; and the study of make-up and parliamentary procedures.

In April we attended the annual Drama Festival at Fredonia State College for Teachers where we presented a play.

Other members include Patricia Buckley, Constance Cummings, Anne Deckman, Sally Delorme, Barbara Heintzelman, Roberta Dabler, Alma Heiser, Nancy Hull, Hope Hunter, Lois Hurd, Janet Hutchinson, Carolyn Keller, Suzanne Kasinski, Mary Kuselman, Harvey Lederman, Nancy Lollar, Charles Matson, Nancy Montie, Rochelle Moses, Thalia Nutt, Patricia Padlo, Polly Pelton, Dina Perugini, Margaret Rapp, William Reynolds, Charles Robinson, Richard St. Clair, Nancy Shearer, Regina Simon, Marilyn Smith, Carol Stark, Linnea Swanson, June Tatlow, Nancy Thomas, Dennis Trosch, Margaret Tucker, Danae Tuttle, DuWayne Woodling.

ECHOES OF EINSTEIN SCIENCE CLUB

This organization gives science-minded students a chance to meet weekly as a group. Members see or make demonstrations or experiment with materials from various industrial concerns. Trips to local points of scientific or general interest are made from time to time and once a year the club makes a major excursion to a neighboring city. This year the club made a trip to the Corning Glass Company's establishment. The Echoes of Einstein Science Club also sponsors one assembly program of a scientific nature.

The J.V. Football team, composed of Freshmen and Sophomores, completed their season with a record of two wins, three losses, and one tie.

Prospective Varsity stand-outs included Bob Winner, Paul Cashmere, Jerry Grandusky, Tony Veno, Don Ash, Dave Wind, Pete Weis, and Walt Zeigler. Other members of the J.V. squad were Howie Nickle, Jack Smith, Don Crandall, Sam Ambroselli, Jim Allen, Bill Anderson, John Clark, Chuck Corson, Herb Earle, Roger Henry, Lloyd Jones, Joe Kline, Mike Krannock, Bob McCoy, Pat Parks, Bob Pidskalny, Larrie Ryan, Jim Snyder, Ed Sorochin, Ronny Spears, Lee Swartz, and Bill Woods.

VARSITY FOOTBALL 1950

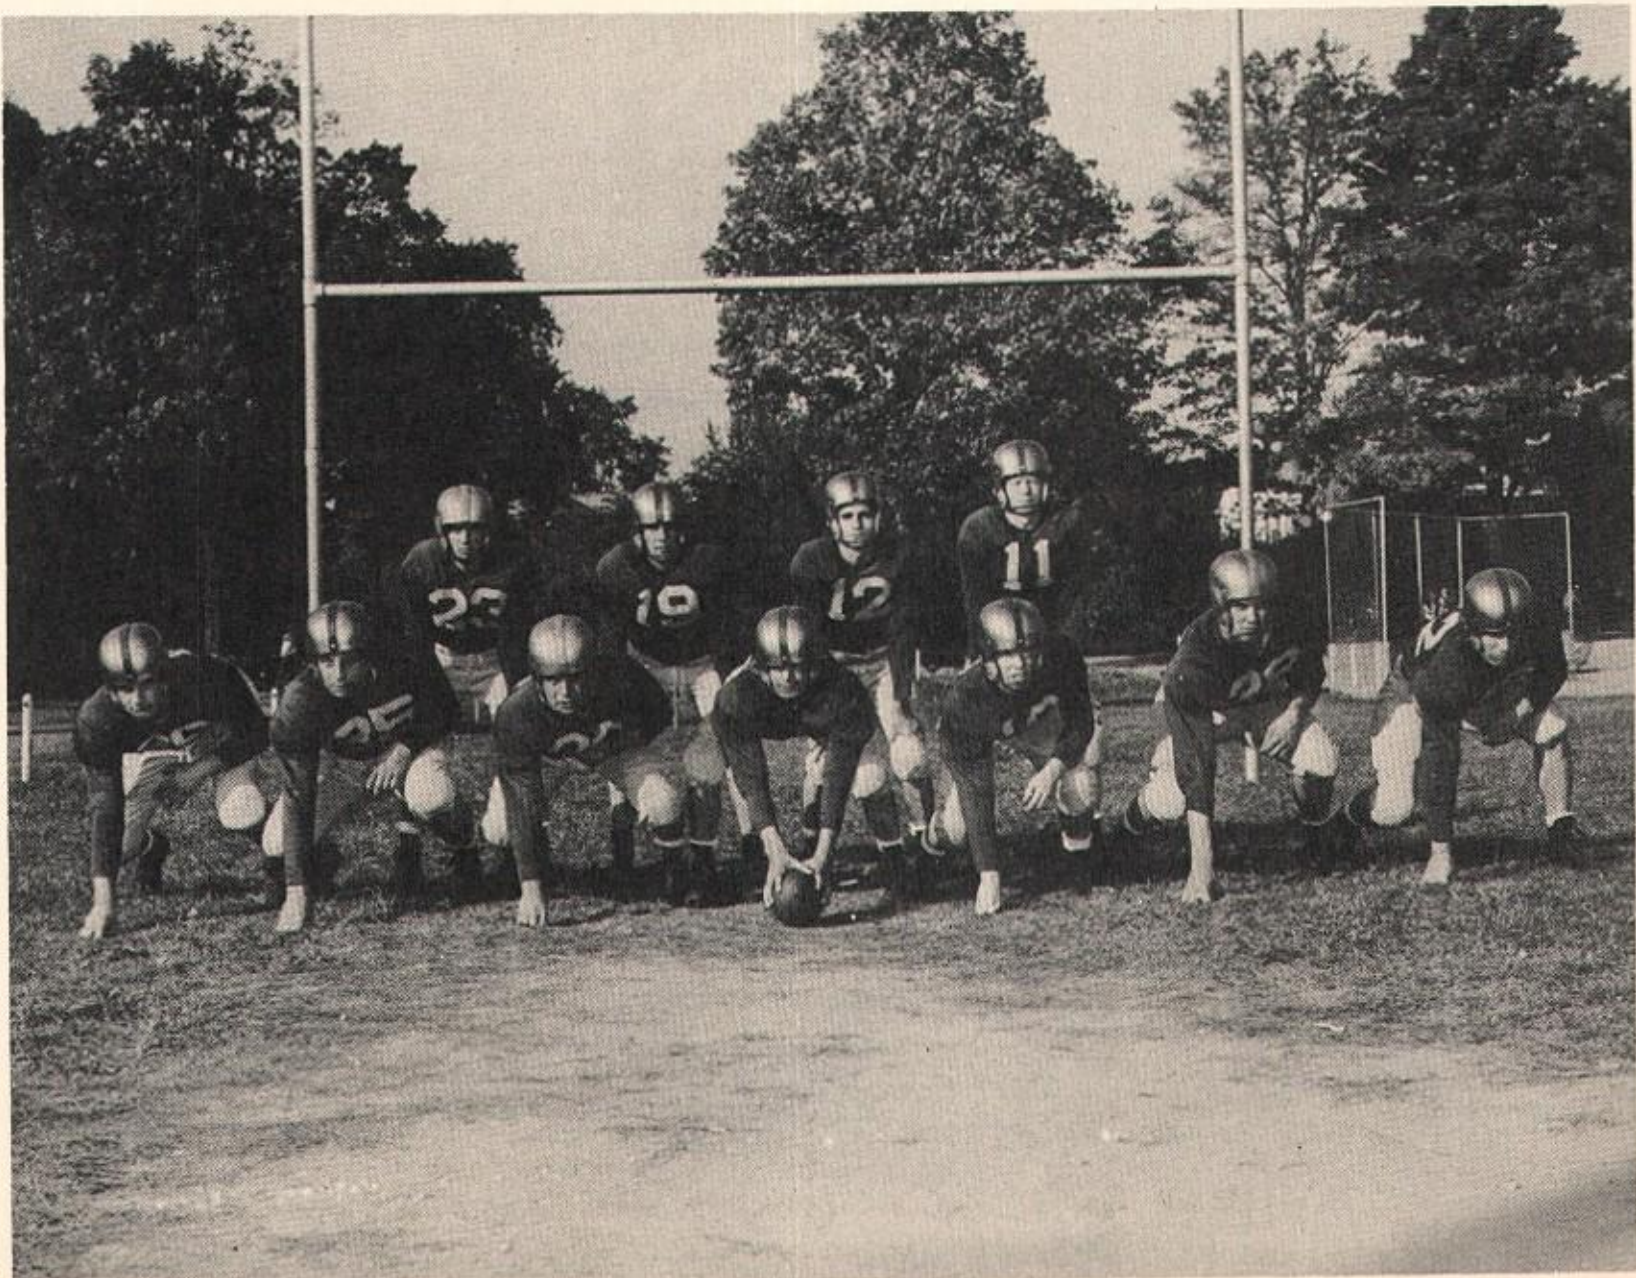

Olean High School, under a new head coach and with a light and inexperienced team, journeyed through what proved to be a very unsuccessful season. They suffered six consecutive defeats, before recording their only win of the season over Dunkirk, in the next to the last game of the season. Although the record is far from impressive, the players deserve a great deal of praise for their tremendous efforts and determination throughout the season.

John O'Neil, ably assisted by George Matlock, Wilmer Kunkle, and "Tex" Venable, is also to be commended. With many holdover lettermen from this year's team and additional material from a good J.V. squad, the prospects for a championship team in the future appear good.
